

Unit 4.05.00

INSTITUT TECHNOLOGIQUE

International Symposium
How to both harvest and preserve forests more or better?
Paris, 26-30 May 2010
Programme

Wednesday 26 May Arrival in Paris

Thursday 27 May First day of the symposium, at the Technological Institute FCBA, 10 avenue de Saint Mandé, 75012 Paris (metro: Nation or Picpus)

08:30-09:30 Registration

09:30-10:00 Opening session and welcome addresses

Jean-Luc Peyron, on behalf of ECOFOR, Director,

Philippe Monchaux, on behalf of FCBA General Director, Head of department Wood supply and first processing.

Hans Jöbstl on behalf of IUFRO, coordination of unit 4.05.00 on Managerial economics and accounting.

Jean-Luc Guitton, on behalf of the Ministry of food, agriculture and fisheries.

10:00-11:00 Special session on the Economics of biodiversity.

Chairman : Jean-Luc Peyron (France)

Keynote address: **Jean-Michel Salles** (Lameta, Montpellier, France). Vice-Chair of the Task force on “Economic approach of biodiversity and ecosystem services; contribution to public decision”.

Invited speaker : **Jean-Philippe Terreaux**, (Cemagref, Bordeaux-Cestas, France). Forest biodiversity and economic valuation.

11:00-11:30 Coffee break

11:30-13:00 Special session on Forest economics and policy.

Chairman : Lorenzo Venzi (Italia)

Invited speaker: **Anne Stenger** (Lef, AgroParisTech-Engref and Inra, Nancy, France). Economic research in the Forest economic laboratory.

Invited speaker: Ludovic Guinard, **Elisabeth Le Net** (Fcba, Paris, France). Economic research and studies in the Centre on economics, energy and foresight studies.

Maria Nijnik (Macaulay Institute, UK). The content and change of British forestry: economic research priorities and why these are important.

13:00-14:00 Lunch at FCBA restaurant.

14:00-15:45

Session on How to harvest more or better forest products?

Chairman : Jean-Philippe Terreaux (France)

Jean-Luc Peyron (Ecofor, Paris, France). Forest management and policies in front of biomass, energy, climate and biodiversity issues.

Kajetan Zwirgmaier (Tu München, Germany): Seasonality of prices; the example of German timber prices.

Claudio Fagarazzi (Unifi, Italy), Marcello Miozzo (Dream, Italy). Medium term strategies to improve the quality of Mediterranean forests; the case of Valtiberina, Tuscany.

Kari Hyytiäinen (MTT), Markus Holopainen, Antti Mäkinen, Saeed Bajazidi, Ilona Pietilä, (University of Helsinki, Finland), Jussi Rasinmäki (Simosol Oy). Comparison of various sources of uncertainty in stand level net present value estimates.

15:45-16:15

Coffee break

16:15-18:00

Session on How to harvest more or better forest products?

Chairwoman : Lidija Zadnik-Stirn (Slovenia)

Patrice Loisel (Inra Montpellier, France). Impact of the presence of risk of destructive event on forest silviculture.

Donald G. Hodges, Donald L. Grebner, Robert K. Grala (University of Tennessee, Knoxville, USA). Forest carbon and management impacts on optimal rotation ages for loblolly pine in the Southern US.

Saeed Bayazidi, Olli Tahvonen (University of Helsinki, Finland). Optimal rotation and stochastic interest rate.

Peter Tarp (University of Copenhagen, Denmark). The economic effect of reduced regeneration investments on forest stand value – exemplified for European Beech.

Diego Florian, Luca Cesaro, Sonia Marongiu (National Institute for Agricultural Economics, Padova, Italy), Lorenzo Tarasconi (University of Padova, Italy). Forest profitability measurement: a pilot project to extend Farm Accountancy Data Network (FADN) to forestry sector in Italy.

19:45-22:30

Official Dinner followed by a boat cruise on Seine River

Meeting at “Le bistro parisien” restaurant of the Company “Les bateaux parisiens”, located at Port de la Bourdonnais, below Quai Branly, close to the Seine River, near Eiffel tower, between Iena bridge and Debailly pedestrian bridge.

Metro : “Bir Hakeim” (line 6 or RER C).

Friday 28 May **Second day of the symposium, at the Technological Institute FCBA, 10 avenue de Saint Mandé, 75012 Paris (metro: Nation or Picpus)**

09:00-11:00 Session on How to preserve more or better tropical forests?

Chairman : Kari Hyytiäinen (Finland)

Emerson V. Barcellano (Philippines). Community forestry for legacy: the Licara's strategy in climate change mitigation in Kallinga Province, Philippines.

Emerson V. Barcellano (Philippines). Agroforestry for life: its environmental contribution in climate change mitigation in Kallinga Province, Philippines.

Baltazar Calvas, Thomas Knoke (ITM-TUM, Munich, Germany). Facing the deforestation process in the south of Ecuador, from an economic point of view.

Juan F. Fernandez (u_psud, Orsay, France). Seed transfer policy issues for forest management under climate change; where do tropical countries stand?

Matthias Bösch (Tu München, Germany): The impact of improved agricultural technology on tropical deforestation.

11:00-11:30 Coffee break

11:30-13:15 Session on How to preserve more or better forests?

Chairwoman : Maria Nijnik (UK)

Elodie Brahic (Cemagref, Bordeaux, France). Which market-based instruments to preserve forest biodiversity ?

Antti Miettinen, Kari Hyytiäinen, Antti Mäkinen (MTT, Finland). On production costs of biodiversity zones on arable land and in forests adjacent to fields.

Lidija Zadnik-Stirn, Špela Pezdevšek Malovrh, Janez Krč (University of Ljubljana, Biotechnical Faculty, Slovenia). Management of private forests regarding the owners' attitudes towards forest preservation: case of Slovenia.

Michel Gravet (Université de Savoie, Chambéry, France). Forest status and uses.

13:15-14:15 Lunch at FCBA restaurant.

14:15-16:00 Session on How to reconcile forest preservation and roundwood removals?
Chairman : Peter Tarp (Denmark)

Francesco Carbone, Naldo Anselmi, Lorenzo Venzi. The non cutting management: a case study contributing to the debate of sustainability forest policy.

Koji Matsushita (Japan). Assessing changes in current and future demand for forest ecosystem services such as timber production and recreation with regard to an aging society and the national statistics system.

Nicolas Robert (Ifn & Lef, Nancy, France), Anne Stenger (Lef Nancy, France). Production capacity in oak high forests. Trade-offs between wood production, biodiversity preservation and attractiveness for recreation.

Laura Secco, Enrico Vidale, Davide Pettenella, (Unipd, Italy). Comparing profitability and governance for recreational wild mushroom picking in forest and timber production.

16:00-16:15 Coffee break

16:15-17:00 Synthesis and business session

Jean-Luc Peyron (Deputy coordinator Iufro Unit 4.05.00). Synthesis of the Symposium.

Hans Jöbstl and **Jean-Luc Peyron** (Coordination of Iufro Unit 4.05.00). Business session of Iufro Unit 4.05.00.

Saturday 29 May Field trip to Fontainebleau forest

08:15 Meeting at Gare de Lyon at “Point rencontre groupe n°3”

09:15 Arrival by train at Fontainebleau Avon

09:30-12:00 Field trip in Fontainebleau State Forest with ONF (management, conservation)

12:15-13:45 Lunch (and possibility to leave the trip by train at any moment)

14:00-16:30 Field trip in Fontainebleau State Forest with “Friends of Fontainebleau Forest” (history, recreation, landscape)

17:00 Departure by train to Paris

17:45 Arrival in Paris Gare de Lyon

Sunday 30 May Departure from Paris
